### Hijiri Takamine, Team Principal

I appreciate our new partners, E-gressive and AIR D, supporting us to come back on the grid. We are not satisfied this result, but we are convinced of our progress. This is good for our next season.

### Tomoya Takiguchi, Driver

I broke my car in the practice and we did not have spare parts, so I couldn't have enough time to practice. However, thanks for team's efforts, I could drive in this race and I brought our car to finish line. I appreciate team taking me on the podium.
